Your Host for Today

Jimmy Wu
VP of Sales & Marketing

Favorite Drink: Stella

Jose Gonzalez
Product Manager

Favorite Drink: Hopy IPAs

Anthony Laurienti
Account Relationships Manager

Favorite Drink: Diplomatico Rum

Why Mobile App?

Why is WinePOS solving with mobile app?

- Existing V-Connect requires a physical computer for remote access which is becoming increasingly cumbersome
- Owners and GMs need quick access to day-to-day operational reports easily
- Retailers want more operational efficiency when doing inventory and access/update product information
- Retailers want to give customers a better shopping experience

What is in the Mobile App?
